PROFESSIONAL SUMMARY

Detail-oriented and adaptable professional with strong problem-solving, communication, and organizational skills. Experienced in managing projects, analyzing data, and working collaboratively in team environments to achieve goals efficiently. Quick learner with the ability to adapt to new tools, technologies, and responsibilities, committed to delivering high-quality results in dynamic work settings.

WORK EXPERIENCE

Software Developer Intern
Softdeft, Tongi, Gazipur
Duration: 4 Months

- ·Developed full-stack web applications using HTML, CSS, JavaScript, Bootstrap, and PHP.
- ·Worked on backend development using PHP and integrated MySQL database.
- ·Designed and developed a complete Matrimony Website during the internship period.
- ·Implemented user registration, profile management, login system, and search functionality.
- ·Collaborated with senior developers to debug, test, and improve application performance

EDUCATION

MSc in Computer Science and Engineering

Jahangirnagar University
September 2026- Current

BSc in Computer Science and Engineering

IUBAT-International University of Business Agriculture and Technology
CGPA: 3.68 out of 4.00

Higher Secondary Certificate

Safiuddin Sarker Academy and College
GPA: 5.00 out of 5.00
Year: 2020

Secondary School Certificate

Narsingdi Ideal High School
GPA: 4.78 out of 5.00
Year: 2018

PUBLICATIONS

An Explainable Machine Learning Approach to Multiclass Diabetes Risk Assessment 2025 IEEE 28th International Conference on Computer and Information Technology (ICCIT 2025)
Authors: Sharmin Sultana Akhi, A.S.M. Shakil Ahamed, Md. Rana Miah, Md. Sadman Sakib Mahin, Md. Samiul Alom

- ·Co-authored an IEEE conference paper on explainable machine learning for multiclass diabetes risk assessment.
- ·Developed and evaluated machine learning models including Random Forest, XGBoost, SVM, Gradient Boosting, and ANN.
- ·Applied Explainable AI (SHAP, PDP, and TreeInterpreter) to improve model interpretability for clinical decision support.
- ·DOI: 10.1109/ICCIT68739.2025.1149148

SKILLS

Programming Languages: PHP, C, C++, C#, Python, Java, Javascript
Web Technologies: HTML, CSS, Bootstrap
Database: MySQL
Backend: PHP
Tools: Github, Xampp, VS Code, CodeBlocks, Microsoft Word, Microsoft Excel, Power Point

PROJECTS

Matrymony Management System

- ·Developed a full-stack web application using PHP, MySQL, HTML, CSS, and Bootstrap for user registration and profile management.
- ·Implemented secure authentication, advanced search filters, and database-driven matchmaking functionality.
- ·Designed an admin dashboard for profile verification, user management, and system monitoring.

Blood Donation Management System

- ·Built a web-based donor management system using PHP and MySQL to store and manage donor records.
- ·Developed blood group and location-based search functionality for efficient donor matching.
- ·Designed a structured relational database to ensure accurate and fast data retrieval.

Student Management System

- ·Developed a student information system using PHP and MySQL to manage student records, grades, and academic data.
- ·Implemented automated CGPA calculation logic to ensure accuracy in academic performance tracking.
- ·Integrated PDF report generation and chart-based visualization for performance analysis and reporting.

Course Management System

- ·Led the development of a full-stack web application using HTML, CSS, PHP, and MySQL.
- ·Designed modules for course creation, enrollment management, and data handling.
- ·Coordinated frontend-backend integration and ensured timely project delivery.

Traffic Light & Sound System

- ·Designed and implemented a microprocessor-based traffic light control system with timing logic.
- ·Developed circuit diagrams and performed hardware debugging and testing.
- ·Applied knowledge of digital logic design and embedded systems programming for system optimization.

EXTRA-CURRICULAR ACTIVITIES

IUBAT IT Society
General Member.
I**UBAT Rotract Club**
General Member
